Softonic reviewBus Simulator: Ultimate is a simulation game created by Zuuks Games. The game lets players travel across cities based on real-life locations. The game acquires different kinds of coach buses along the way.Real-World Locations and RoutesBus Simulator: Ultimate emphasizes realism despite the technical limitations of mobile devices. The game provides an authentic experience from driving coaches to managing bus corporation branches. It gives the players a simulated experience of driving buses. The main goal is to establish the largest global bus company. Driving a bus from point to point in real life is not that just simple. Drivers must ensure the safety of their passengers. They must also arrive at their destination in time. Stress and traffic are the common hurdles that bus drivers face every day. The game comes with 13 coach buses to collect. Each bus has an intricate and realistic interior. The bus has authentic but simple controls. It has brakes and acceleration, steering wheel, tilt switch, gear shift, windshield wiper, horn, turn signals, microphone, and door switch. They can check how fast the bus runs with the speed meter. The gear shift can be moved to the Drive or "D" position. Players have to follow the traffic rules like in real life. They can also expect challenges like traffic and weather. Players can open more than 250 radio stations. The bus also produces realistic sound effects. The game features completely realistic routes. Players get the chance to explore places like Azerbaijan, Brazil, France, Germany, Italy, Netherlands, Russia, Spain, Turkey, and the United States. They explore realistic city maps with their bus, along with picking up passengers. The passengers are programmed with Social and Realistic Reactions. This will test the player's cunning and patience when it comes with the passengers. Some of the passengers might leave reviews to the player if they did their job well or not. Players may go through locations like Highway Toll roads and Rest areas. Players can establish different bus offices across the world and expand their business globally. The game has Pause and Camera Angle function. Players can take breaks and change the viewing angle. It also has support for 25 languages.King Of The RoadBus Simulator: Ultimate gives its best to provide a very authentic bus driving simulation. Fans of driving simulator games will enjoy the journey across the world. It challenges their driving skills while giving the best service for the passengers. Anyone curious with the bus driving industry might be interested in this game.13 Coach BusesRealistic driving experienceReal-life locationsMore than 250 radio stationsGame models sometimes glitchCan be too challengingHighly sensitivity controlsBus Simulator : Ultimate for iPhone Run a bus company and plan routes around the world Drive carefully around the city Get on your motorcycle and whizz at top speed through traffic The most realistic simulation on an Android terminal Angry Birds characters star in a racing game Crazy racing in the style of Mario Kart A spectacular GTA-style 'sandbox' Please download with PC browser NoxPlayer is designed for Windows and MAC OS, please visit this website via computer browser to download NoxPlayer.
